

**Volume contents****Volume 48 (1997)**

<i>M. Tamura, K. Harada, T. Ito, Y. Takahashi, A. Ishida, G. Takada (Japan)</i> Changes in right ventricular volume in early human neonates	1
<i>H. Endo, T. Oka (Japan)</i> Renal tubular abnormalities in hydrops fetalis: a histological and immunohistochemical study	11
<i>M. Fujii, N. Goto, S. Onagi, A. Okada, A. Kida (Japan)</i> Development of the human lateral vestibular nucleus: a morphometric evaluation	23
<i>L. de Groot, B. Hopkins, B. Touwen (The Netherlands)</i> Motor asymmetries in preterm infants at 18 weeks corrected age and outcomes at 1 year	35
<i>S. Lunshof, K. Boer, G. van Hoffen, H. Wolf, M. Mirmiran (The Netherlands)</i> The diurnal rhythm in fetal heart rate in a twin pregnancy with discordant anencephaly: comparison with three normal twin pregnancies	47
<i>J. Hu, I.J.M. Nijhuis, J. ten Hof, G. Gennser (Sweden, United Kingdom)</i> Dependence of aortic pulse wave assessments on behavioural state in normal term fetus	59
<i>R.I. Baraño, A. Piazza, L.S. Rumi, E. Polak de Fried (Argentina)</i> Interleukin-1 β levels in human embryo culture supernatants and their predictive value for pregnancy	71
<i>A. Spinillo, E. Capuzzo, S. Orcesi, M. Stronati, M. Di Mario, E. Fazzi (Italy)</i> Antenatal and delivery risk factors simultaneously associated with neonatal death and cerebral palsy in preterm infants	81
<i>N.J. Miyague, A. Ghidini (USA)</i> Effect of fetal growth restriction on ultrasonographically measured cardiac size	93
<i>J.L. Segar, S. Chemtob, E.F. Bell (USA, Canada)</i> Changes in body water compartments with diuretic therapy in infants with chronic lung disease	99

<i>M. Rao, E.M. Blass, M.M. Brignol, L. Marino, L. Glass (USA)</i>	
Reduced heat loss following sucrose ingestion in premature and normal human newborns	109
<i>S. Yanai, S. Satoh, T. Koyanagi, N. Kinukawa, H. Nakano (Japan)</i>	
Can twin fetuses be numerically clustered characterizing fetal cardiovascular system function?	117
<i>V. Lindh, U. Wiklund, P.-O. Sandman, S. Häkansson (Sweden)</i>	
Assessment of acute pain in preterm infants by evaluation of facial expression and frequency domain analysis of heart rate variability	131
<i>I. St James-Roberts, S. Conroy, J. Hurry (UK)</i>	
Links between infant crying and sleep-waking at six weeks of age	143
<i>H.V. Konovalov, N.S. Kovetsky, Y.V. Bobryshev, K.W.S. Ashwell (Russian Federation, Australia)</i>	
Disorders of brain development in the progeny of mothers who used alcohol during pregnancy	153
<i>T. Vik, L. Vatten, G. Jacobsen, L.S. Bakkeiteig (Norway)</i>	
Prenatal growth in symmetric and asymmetric small-for-gestational-age infants	167
<i>T. Frusca, M. Soregaroli, A. Valcamonico, F. Guandalini, L. Danti (Italy)</i>	
Doppler velocimetry of the uterine arteries in nulliparous women	177
<i>L.J. Groome, K.P. Singh, L.S. Bentz, S.B. Holland, J.L. Atterbury, M.J. Swiber, R.F. Trimm III (USA)</i>	
Temporal stability in the distribution of behavioral states for individual human fetuses	187
Announcements	199
Screening	
<i>S.E. Snyderman, C. Sansaricq (USA)</i>	
Newborn screening for homocystinuria	203
<i>J. Leger, C. Limoni, P. Czernichow (France, Switzerland)</i>	
Prediction of the outcome of growth at 2 years of age in neonates with intra-uterine growth retardation	211
<i>S.-i. Hamano, N. Goto, T. Nara, A. Okada, K. Maekawa (Japan)</i>	
Development of the human principal sensory trigeminal nucleus: a morphometric analysis	225
<i>M.A.M. Manders, G.J.B. Sonder, E.J.H. Mulder, G.H.A. Visser (The Netherlands)</i>	
The effects of maternal exercise on fetal heart rate and movement patterns	237
<i>C.A. Mandarim-de-Lacerda, M. Barbosa dos Santos, P. Le Floch-Prigent, F. Narcy (Brazil, France)</i>	
Stereology of the myocardium in human foetuses	249

<i>Volume contents</i>	295
<i>D. Bartlett, M. Piper, N. Okun, P. Byrne, J. Watt (Canada)</i> Primitive reflexes and the determination of fetal presentation at birth	261
Book reviews	275
Screening	
<i>J.E. Gray, J.E. Sorrentino, G.A. Matheson, P. Wise, M.C. McCormick (USA)</i> Failure to screen newborns for inborn disorders: a potential consequence of changes in newborn care	279
Author index	287
Subject index	289
<i>Volume contents</i>	293
